

10-6-4
25% XCU

Formulation: Granular Grade
SGN: 220

Guaranteed Analysis

Total Nitrogen (N)	10.00%
Ammonical Nitrogen	1.4%
Urea Nitrogen	3.6%
CSRUN	2.5%
Water Insoluble Nitrogen	2.5%
Available Phosphate (P2O5)	6.00%
Soluble Potash (K2O)	4.00%
Calcium (Ca)	0.80%
Sulfur (S)	0.50%
Iron (Fe)	1.00%

Nutrients Derived From:

XCU Urea, BioSolids, Urea, Diammonium Phosphate, Muriate of Potash.

General Turfgrass Fertilization

For use on fairways and roughs.
Do not use on greens.

Applications:

Do not use on greens. Do not apply with a drop-type spreader. Do not apply at rates lower than recommended to prevent mottling. Do not collect clippings for at least one mowing following application to prevent particle pick-up. Do not apply to frozen turf. Greenleaf Turf Solutions is formulated for professional use on turf, including golf courses, sports fields, and landscapes. Specific application rates and frequencies are determined by the professional applicator based on local soils, regulations, and climate.

Storage & Use:

Store in a clean, dry place. Reseal opened bag by folding top down and securing. Use only in clean, dry spreaders. Do not leave unused product in spreaders.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn, sweep any product that lands on your driveway, sidewalk, or street back into your lawn.

Iron may stain concrete surfaces and should not be applied on dry or water dampened concrete and should be removed from these areas promptly after applications by sweeping or blowing. Do not wash off with water.

In Maryland, New Jersey, Pennsylvania, New York & Virginia: Phosphorus may not be used for lawn maintenance on turf except when:

- (I) Providing nutrients to specific soils and target vegetation as determined to be necessary in accordance with a soil test that was conducted by a laboratory* performed no more than 3 years before the application.
- (II) Establishing vegetation for the first time, such as after land disturbance, provided the application is conducted in accordance with the recommended application rates established by the state.
- (III) Re-establishing or repairing a turf area.

*In Maryland, the soil testing laboratory must be identified under Section 8-803.7 of the Agriculture Article, Annotated Code of Maryland.

Warranty Disclaimer & Limitation of Liability:

Manufacturer warrants that this product conforms to the chemical description on the label and is fit for the purposes stated on the label when used in strict accordance with the directions. No other express or implied warranty of Merchantability or fitness for a particular purpose. Where permissible, it is Manufacturer's intent to limit any liability for special, consequential, or incidental economic damages to refund of the purchase price or replacement of product, at Buyer's choice. Manufacturer disclaims any liability for compensatory of damages arising out of any use contrary to label directions. Use contrary to label directions is not permitted.

PRECAUTIONARY STATEMENT:

KEEP OUT OF REACH OF CHILDREN. Read entire label before use. Apply only as directed. May be harmful if inhaled or swallowed. Wear protective gloves and clothing. Remove contaminated clothing and wash before reuse. Avoid breathing dusts. Use only outdoors or in well-ventilated area. Call poison control or seek medical attention if you feel unwell. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Dispose in accordance with all federal, state, and local regulations.
